THE WHITE HOUSE  
WASHINGTON

October 26, 1984

To the 1985 Class of Ottoville High School

Since its founding, our nation has placed the highest premium on education. In his First Annual Address to the Congress, George Washington reminded us that "knowledge is in every country the surest basis of public happiness," a theme echoed by Thomas Jefferson when he wrote a friend that no other sure foundation could be "devised for the preservation of freedom, and happiness." These are the values that are at stake in the education of every individual, and they offer a prize well worth your labors.

Today you have taken a long stride forward toward the fulfillment of your hopes and dreams, and you can feel great pride in knowing that the spirit of our nation goes with you on your journey.

Congratulations on your graduation. You have my best wishes and prayers for every future success and happiness. God bless you.

Dear Miss Niemeyer:

Congratulations to Ottoville High School on the occasion of the 1985 75th anniversary.

During the existence of Ottoville High School, our society has observed a time of remarkable progress. Ottoville students have watched the birth of television and computers, the development of air transportation, the dawn of the nuclear and space ages, and the acceptance of the 'Big Mac' and the credit card.

I hope that the years remaining in Ottoville High School's first century will reveal new developments that are even more important to our citizenry. Most importantly, I hope that your student body will be a part of that progress.

Again, congratulations to all in this 75th year!

Sincerely,

Neil A. Armstrong

It would be difficult indeed for schools to operate without the generous help of volunteers who make the school year run a little easier . . . a little better . . .

For years a number of students have helped in various ways by offering their time and services.

This year, three boys, *Steve Miller, Jeff Hilvers, and John Stepleton* helped with video taping, especially during the basketball season.

Working in the elementary library with Mrs. Wittler were: *Lee Miller, Mike Ricker, Donna Miller, Lori Miller, Steve Hoehn, Mindy Miller, Jaylene Schnipke, Anita Flores, and Chris Brinkman.*

Serving as high school library assistants were: *Tina Davis, Audrey Hoersten, Beth Develbis, Michelle Maag, and Bonnie Langhals.*

# VETERAN EMPLOYEES ANNOUNCE RETIREMENT

After this school year, students will no longer witness the broad smile, the friendly character, the master of her trade — that of one of the school's long-term employees. *Jeanette Wannemacher*, cafeteria employee since 1963, manager since 1964, has announced retirement plans.

Raising a family and being involved in so many things have kept her busy all her life. *Mrs. Wannemacher* and her late husband, *Herbert*, have reared seven children, all Ottoville grads, all attended college. She now hopes to be able to travel to visit them more often since none live close.

Retirement will be no simple life of a rocking chair on the front porch — she just has too many interests. She likes bicycle riding, gardening, lawn-keeping, crocheting, quilting, and painting. In addition, *Mrs. Wannemacher* intends to continue to use her vast experience in food preparation in cooking and catering of weddings and similar gatherings. *Thank you, Mrs. Wannemacher! The many students and employees salute you.*

Another veteran employee, *Olivia Gandy*, announced her retirement in December, 1984. It is just too difficult to describe the impact *Mrs. Gandy* has made on the lives of so many Ottoville students. Coming to Ottoville in 1967, *Olivia* served in many capacities — instructor of home economics, science, English, and also as guidance counselor. She directed some school plays and served as advisor to the Future Homemakers of America and also the Future Teachers of America Club. She has been secretary of the Ottoville Education Association and was co-chairperson of the OLEA-sponsored "Back-To-School" day project in 1983. *Olivia* has been a member of the Ohio and National Education Associations all her life, as well as the Northwest Ohio Education Association, the Ottoville Education Association, Ohio School Counselors Association, the Ohio Association of English and also Science Teachers. In 1972-76, she was on the NWOEA Convention Planning Committee and more recently on its Teacher-In-Service Day Program Committee. For many years she served as a local delegate to the Fort Defiance Trail UniServ Council, a professional arm of the Ohio Education Association which promotes professional information and standards. Both she and her husband, *Ted*, served extensively on the Educator's Political Action Committee of NWOEA, a group promoting adequate funding of Ohio's schools. The list goes on and on. She obtained her B.S. degree at Ashland College before obtaining her Master's degree at The Ohio State University.

In her retirement days, *Olivia* and *Ted* plan to leave Dupont and build a new home near Battle Creek, Michigan where they have been spending some time in recent years. We also thank you, *Mrs. Gandy*. Your help at our school has been too great to really assess.

Dear Miss Neimeyer:

It is my pleasure to extend my congratulations and best wishes to the Class of 1985 as well as to the entire student body and faculty of Ottoville High as you commemorate the school's Diamond Anniversary.

I know commencement will be a happy day for the graduating seniors, and I am sure you are all proud to hail from a high school that has been committed to providing the best possible education for the sons and daughters of Putnam County for 75 years.

Best wishes to Ottoville High School and to each one of you as you pursue your futures.

COACH MALEY

The 1984-85 golf team posted another successful season. With the varsity team finishing on a 17-4 record, the reserves also kept up the winning Ottoville tradition by marking a 14-1 season. Coach Maley's linksters this year were young and inexperienced. As the season progressed, however, the Big Green gelled and played excellent golf. Capturing of the PCL championship and the Stryker Invitational highlighted the year. The only senior, Brian Schimmoeller, leaves the program. With many returning lettermen and another year of experience, the golf future at Ottoville appears bright.

# GIRLS VARSITY

The Big Green girls basketball season proved to be a big success in 1984-85 by posting a 15-6 record, in spite of having only two returning lettermen. A defensive 42-point season average and a lot of hustle also resulted in a second place spot in the PCL, with a 6-1 record. An extra-exciting game during the year found Ottoville pushing state-ranked Delphos St. John into overtime before losing to the Jays, 59-56.

## RESERVE BASKETBALL

The Big Green girls reserve basketball team ended the season with 14 wins against 6 losses. Working hard all year to improve both offense and defensive strategy, the girls provided many exciting games. Big wins during the year came at the expense of Continental, Holgate, Ottawa-Glandorf, Wayne Trace, and Van Wert.

# TRACK TEAM CARRIED ONE SENIOR

Lacking a large number of boys for track competition this year, Coach Kaple's tracksters did, however, provide much interest and excitement. The squad

contained one senior, four juniors, two sophomores, and three freshmen. Returning boys next year should provide stiff competition to other PCL schools. This year's PCL meet saw Dale Honigford winning the 300 meter low hurdles in 41 seconds and the high hurdles in 15.8. Bruce Eickholt captured the high jump at 5'10". The team of Dale Honigford, Bruce Eickholt, Chad Staib, and Tony Stepleton won the 400 meter hurdles at 48.1.

In terms of wins and losses, the 1985 OHS girls track team's record didn't appear impressive. During the year they won one meet, placed second in one, and lost three. Nevertheless, they fared well when mere numbers and ex-

perience were considered. There were 14 members on the squad; no seniors, three juniors, five sophomores, and five freshmen. In addition to their scheduled dual and triangular meets, the girls participated in the Ayersville and Elida

For the second year in a row, Ottoville lost in the district finals by one run. Sporting a 14-6 season record, with four players (Dave Schlagbaum, Dale Schimmoeller, Brian Schimmoeller, and Mike Rode) hitting at a .400 or higher, the Big Green was 5-2 in the league, sectional champs, and district runners-up. Dear Miss Niemeyer,

Congratulations to your high school on their seventy-fifth Commencement, in May, 1985!

I know that this will be an exciting occasion for everyone, and I hope that the lessons you have learned in these last four years will encourage you on to the new challenges you will face in years to come.

Remember that a commencement is a beginning, and as all of you enter upon this new chapter in your lives, I send you best wishes for future happiness and success.

Sincerely,

January 11, 1985

TO THE 1985 GRADUATING CLASS OF OTTOVILLE  
HIGH SCHOOL

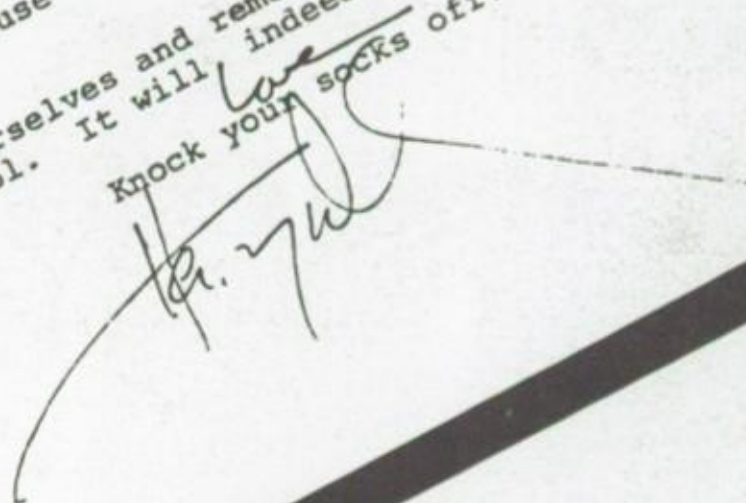

Dear Students,

Values are the very foundation of your life. The older we get, hopefully, the easier it is to distinguish between right and wrong. Not only as society dictates it, but as we for ourselves see the difference. Certainly ones values change as you grow, but they should change because of your own personal insights and not because of what you have obtained materialistically. "Things" do not give you importance. Personal thoughts, personal actions and visions of the world should give you your sense of self.

Certainly, values have helped me keep a straight head in the midst of the overwhelming events that have happened to me in the past eleven years. I believe that opinions stem from one's sense of value. In other words, values are the basement on which you build your house of opinion and action in the world.

Be good to yourselves and remember that self respect is cool. It will, indeed, make you feel good.

Knock your socks off!

Dear Students:

Congratulations and best wishes on your graduation from Ottoville High School! You have undoubtedly worked hard to reach this important goal, and you are to be commended for your dedication to your studies.

I am often asked to name one characteristic which great men and women have in common. In my opinion, this trait is curiosity. If you think of all the men and women in history who have achieved greatness, you see that they all had an overwhelming curiosity about the world in which they lived. And, they wanted to learn as much as they could about how to make it better.

I would urge each and everyone of you to be yourselves through reading, observing and studying. Your life will be enriched continually if you keep your mind open to inquiry. I wish you much continued success in the future.

Best wishes.

Sincerely,

*John Glenn*

## FAREWELL TO MISS SHAWLEY

After 42 years in the classroom, 32 at Ottoville, Miss Doris Shawley announced her retirement during the last week of school. While at Ottoville, Miss Shawley taught home economics and mathematics. She served as junior class and prom advisor for many years. As evidence of her dedication, it must be noted that 37 of her math students ranked on the state level in the Ohio Tests of Scholastic Achievement. She is a graduate of Defiance College and a member of the Ohio and National Education Associations, as well as the Ottoville Education Association. She also is a member of the National Council of Teachers of Mathematics. She will be missed very much next fall. (Note: Her retirement was announced too late to be covered in a similar story on page 32.)

*Very special attempts were made to be as accurate and complete as is humanly possible with the names and information included on the historical pages. While many sources were used to verify facts, numerous persons offered advice and suggestions and verified information. To these persons we are deeply indebted.*

*We sincerely hope those former students who have additional information which will up-date our facts or correct any errors will forward such information to us so that our records can be made accurate. A form for this purpose is enclosed with your copy of this yearbook. In supplying us with corrections, you will be doing your part in making the historical section a truly accurate record of Ottoville School history. We intend to publish corrections in the 1985-86 edition, if such information is given to us by December 31, 1985.*

# THE FIRST COMMENCEMENT WAS HELD AT OHS IN 1911

**E**arly pioneers of the Ottoville area, after establishing homes, seeking a way to make a living, and making provisions for religious worship, were determined to make education of their youth a vital goal.

Life in northwestern Ohio in the mid-19th century, however, was difficult. Much time had to be devoted to clearing the forests and draining land so crops could be grown. Good transportation means and roads had yet to be developed. In addition, young children were needed at home to help keep the family "going." So, attainment of a formal education was not uniform nor spontaneous with early settlers.

As early as 1850, however, two school districts were formed in Monterey township. These districts served as a basis for early educational organization and opportunity and proved to be the impetus needed to lead the area down the road to the establishment of a sound educational system for the youth of the community.

An early schoolhouse was built in an area just west of the present church cemetery. It was a typical pioneer schoolhouse, with desks made by hand, and pupils were provided with only a minimum of

books and supplies. The building was heated in winter by a large fireplace. Early schoolmasters at this building were men by the name of Philip Hohlbein, ....Exener, and ....Budendick.

By 1869, the village of Ottoville and outlying areas were organized in a special school district. This helped a great deal in forming a closer association between families and the school, which led to the construction of a new school building in the village at a cost of \$740.

This building was situated on the site now occupied by the present gymnasium. It later was used as a blacksmith shop and later still was the site

of a gasoline station. The station was razed in the middle fifties to make room for the present gymnasium.

The school term was set at six months. William Reckart, Mathias Wrocklage, and Charles Wannemacher made up the first board of education. By 1871, a board of examiners was functioning — testing applicants for teaching jobs in the district.

Progress was steady, and a new, four-room building, costing \$5,884, was erected in 1895. It was thought at that time that this "huge" building (four rooms) was so large and so adequate that never again would there be a need to erect another school. The Sisters of the Precious

Built in 1895, Remodeled in 1907, Razed in 1977

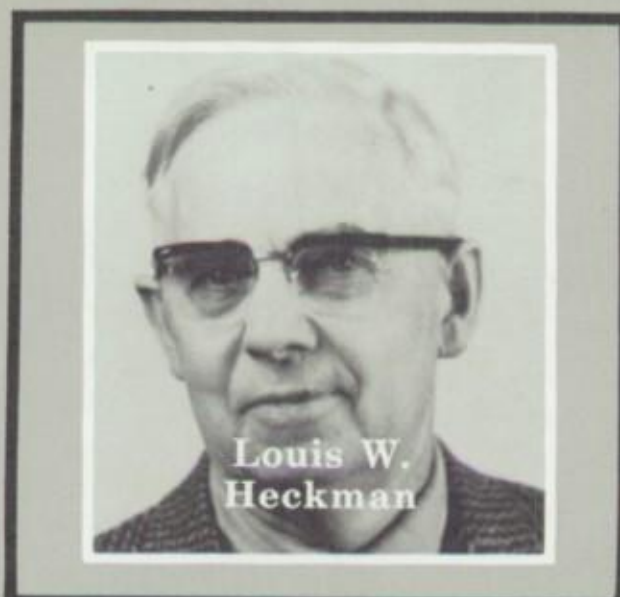

Blood started to teach the lower two grades about 1902, and the school has been partially staffed by these Sisters ever since. Mr. Benning became superintendent in 1903 and held that position until 1909.

The 1895 building proved very useful; but as fate would have it, the school would need enlarging because of increased course offerings. Two more rooms were then added about 1907.

It became apparent by 1909 that, if the Ottoville School were to provide a good education for its pupils, it would have to add to the curriculum still more subject areas; and someone was needed to organize, plan, and promote the educational interests of the community. This man was to be F. J. Uhrich who was hired as superintendent of schools. At this time, he was made responsible for organizing the high school. This he did, and the state followed by granting the school a charter, a charter of the third grade, in December, 1909. The next year, a high school course of three years was established, and a charter of the second grade was issued to the school.

Mr. Leo Gerken of Fort Loramie, Ohio was hired in 1910 for one year as principal and was succeeded by Louis W. Heckman who served in that capacity until his retirement. During his long tenure at Ottoville, Mr. Heckman established himself as an outstanding educator, direct-

ed school plays, coached many winning basketball teams, and became well-recognized as a "super-citizen" of the area. It

must be noted here that, over the years, Heckman became a near-legend in the area. In 1959 he completed a half-century as a teacher, all at Ottoville.

Records show the first graduating class completed a two-year program and was graduated in the spring of 1911. By 1914, however, a first-grade charter was issued to the school by the State of Ohio. This was an important achievement with far-reaching implications. It now meant that Ottoville graduates would be accepted in any college in Ohio.

A major change in the structure of the Ottoville School came about on April 24, 1925, when the Putnam County Board of Education created the Ottoville School District by combining the Ottoville Village School District, the Monterey Second Special, the Monterey District, Jackson Special, and part of the Monterey Township and the Jennings Consolidated Districts. At this time, six one-room schools were abandoned, and five "yellow school buses" began trans-

porting pupils to the new consolidated school in Ottoville.

As the need for a more complete education program became more apparent, doubt remained in the minds of local citizens that the 1895 building was adequate to meet future needs. A new building, at a cost of \$130,000, was planned and erected by the Parish. After it was completed, the building was rented to the school district until 1979, at which time the board of education purchased it.

Starting with the 1926-27 school year, this building served as the high school (also housed grades 5 and 6). By 1967-68, however, this building (as will be noted later) was converted to elementary grades 1-6 only.

As a natural course of events would dictate, the acquisition of more and better classrooms was only a prelude to an expanding curriculum. The Board added new courses, including chemistry in 1929.

By 1939, the state adopted a new way of financing schools—called the foundation program. Now Local school districts in Ohio could provide a more complete program of instruction. Ottoville added such courses as domestic arts (home economics), manual arts (industrial arts), and commercial subjects (business education). Also added was a revolutionary subject area—physical education! The State followed this by chartering the Ottoville Schools on the six-six basis—the way

it has operated ever since. This means Ottoville was now on the plan of a six-year high school, six-year elementary school. (With the start of the 1965-66 school year, Mrs. Joan Bruns became the first Ottoville kindergarten teacher.)

**F**ollowing Mr. Uhrich as superintendent was George Mattingly. Mattingly served from 1938-1940 when Harry A. Von Kaenel became the school's chief administrator. Mr. Von Kaenel, doubling also as superintendent and classroom teacher, guided the district during the troublesome days of World War II and the post-war era. He also taught Latin with some other subjects.

Robert Bruns, a native of Mercer County, replaced Von Kaenel at the start of the 1964-65 school year. Mr. Bruns is the current local superintendent. During Mr. Bruns' administration various new educational developments then came about, along with a vastly improved and enlarged physical plant. Also, a new gym floor was put down in the summer of 1983, and many exposed window areas were filled in to conserve energy.

This was also the period when schools began receiving some federal financial assistance for special educational projects. The Elementary and Secondary Education Act passed during President Johnson's term of office aided many school districts to develop programs, especially in reading, not possible before. Mr. Bruns was in-

strumental in supervising the writing of applications for this federal funding and also setting up local guides for implementing use of materials and equipment obtained through these federal monies.

**T**he music department, under the keen leadership of Basil V. Alt, established the march-

ing band in September, 1938. There were 85 members in the first band. Lessons were given in the grades 3 through 12. The band made its first appearance at a program in December, 1938. It was not until the winter of 1941 that the band obtained uniforms, even though the band had already established itself by playing

at the Putnam County Fair in September, 1940.

Mr. Alt in his lengthy tenure at Ottoville was also responsible for directing a number of school plays and dramas. He was instrumental in initiating the guidance department in 1960. It was through his

initiative that a local chapter of the National Honor Society was established during the 1961-62 school year. 477

**M**any Putnam County schools began to provide food service to pupils and employees in the late 1940's. With an

early background as 4-H advisors, Mrs. Hilda Grothause and Mrs. Adeline Looser foresaw a need for such a facility at Ottoville and approached the superintendent and board of education, seeking establishment of a school cafeteria at Ottoville.

Mrs. Grothause, now residing in Delphos, became the first cafeteria manager and was assisted by Mrs. Looser. Hilda, when questioned about why she felt Ottoville should start a school cafeteria, admits that a cafeteria was a natural for large families such as hers (five lunch boxes to pack each day), especially when many homes did not have adequate refrigeration to keep fresh fruits and meats. She also explained that a church organization had some equipment in the school which would be available for use, as were other kitchen items. Basil Alt, a teacher, helped with the idea. Mrs. Leo Kortokrax was a very early kitchen

helper. The first lunch price was 20 cents.

Production of a school yearbook was approved by the board of education in 1959. On a vote by the entire school student body, ECHO OF TIME was chosen as the name. Nancy Odenweller was the first editor, with Francis Kern as advisor. The yearbook has been published annually since then.

A school newspaper was started in the 1940's, being duplicated on the school's mimeograph machine. The paper was called the "Highlight-Review." In recent years, however, the name was shortened to "Highlighter" and is now being printed as a page in the Delphos "Herald."

**D**uring the 1960-61 school year, all eleven public high schools in the county were inspected by the State Department of Education. Because of deficiencies in curriculum, facilities, learning equipment, materials, and teacher certification, the State Board of Education notified four county schools—Glandorf, Vaughnsville, Ottawa Public, and Ottoville—it was the State Board's intent to revoke their school charters some time after June, 1962. Some local citizens and school officials prepared a defense against this and pursued the matter at a series of legal hearings in Columbus.

Eventually, the "hearings" referee accepted Ottoville's request for time to correct deficiencies—thus removing the immed-

late threat of a charter revocation. This is the only case in Ohio history in which a school's charter has not been revoked once it has been placed on a timetable to have such revocation take place.

**S**everal building programs have been completed since the 1926 building, now housing the elementary grades, was erected. During the early 1950's, it became evident that more and indeed modern classrooms would be required. The rising birth rates and a changing curriculum demanded this. Driver education had been started in the 1954-55

school year. Also vocational agriculture was to be added to the course of studies. Completed and ready for use at the start of the 1955-56 school year were new classrooms for high school music, vocational agriculture, industrial arts, plus six rooms for the lower grades. A part of this new addition was provided by the local Parish.

At this time, the 1895 building was closed (to be opened again in a later year). The present gymnasium, the scene of many hard-fought Big Green basketball games, was completed at a cost of over

\$194,000, and was first used for basketball games in the '56-57 school year. Provided in the new gym were locker rooms, a large stage, and some storage rooms.

What had previously been the gymnasium in the 1926 building was eventually "floored-over" (1967), with the top level being converted to classrooms and a library, with the bottom being made into a permanent cafeteria.

Increased enrollment and expanded course offerings required another building program which was started in 1966. Beginning with the

1967-68 year, the high school was then housed in a new wing. At this same time, some existing rooms were remodeled and used for various programs. What had housed the industrial arts department became the new home economics lab. A vocational agriculture shop was remodeled and became the front end of the new study hall and an additional classroom. Elementary grades moved to the 1926 building and were replaced by high school classes.

For some time, Cloverdale pupils were served by a public school district, but St. Barbara's Parish also operated an elementary school. Many Cloverdale pupils entered Ottoville High School after completing grade school years. (Until the late 1950's, public districts were permitted under Ohio law to operate an elementary district without a high school.)

With the coming of the

1957 Ohio School Minimum Standards, this arrangement was no longer approved. By 1959, the district was divided between Ottoville and Continental. St. Barbara's Parish continued to operate, however, with many of its pupils attending high school in Ottoville.

In 1966, St. Barbara's was closed, and many of the students enrolled in Ottoville elementary grades. This caused a space problem, so the Ottoville Board rented the St. Barbara's building and bussed the 5th and 6th grade of the entire district to Cloverdale. Eventually that building was closed also, and all pupils attended school in Ottoville.

About this time, the board of education purchased two portable classrooms which served various needs of the school. They were erected on a spot just a little west of the present industrial arts shop. The

buildings were no longer used after the end of the 1981-82 year. They were sold and moved off school property in the fall of 1984.

**T**he need for better facilities and the economics of heating and maintaining an antiquated building dictated that the 1895 building be razed. This was done during the summer of 1977. Subsequently, for the next two years, the 7th and 8th grade pupils were housed in the parish hall. By 1978, however, a tax issue was passed which provided new classrooms. This addition came as a result of cooperation between the local parish — with construction being done by local contractors. The addition was ready for occupancy at the start of the 1979-80 school year.

In the past few years, a great deal of emphasis by the State of Ohio has been placed on vocational education, with many joint vocational schools being built in various parts of Ohio. Although the complete implementation of vocational education has not yet been accomplished throughout all of Putnam County, several Ottoville students have attended the Vantage Vocational School (near Van Wert) for a number of years. These pupils have been transported to Vantage by the local board of education.

Ottoville did not become an official part of the JVS until the 1981-82 school year. The 1984-85 school year, however, mark-

Where many Ottoville teachers lived until the house was razed in summer, 1984.

*(SISTER'S HOME) "PRECIOUS BLOOD"*

ed the first year that Ottoville became a full and equal member of Vantage. There are presently seven juniors and twenty seniors from Ottoville attending Vantage.

**R**ecords show the first graduating class was the class of 1911 and had ten members. Monica Wannemacher (Sr. Antoinette) was a member of that class and was the last survivor. She died at the Precious Blood Mother House in Dayton on Sunday, August 5, 1984, 91 years old.

The largest graduating class was the class of 1980. It had 78 members—45 boys and 33 girls.

In addition to the constant need for building programs, the Ottoville District, like most schools, found itself facing several problems of hiring and holding adequately trained teachers during the World War II era, the post-war years, and well into the Korean and Vietnam periods. Much teacher turnover took place during this period.

In recent years, how-

ever, student population growth has leveled off—has even declined somewhat. The holding of an experienced faculty has also somewhat stabilized.

**M**ajor problems still exist, however. These include maintaining the physical condition of the buildings, dealing with increasing energy costs, keeping abreast of an ever-changing curriculum which has ranged from educational TV, the "3r's," to computer literacy. Also, an increased interest in sports programs has been quite evident—especially in the girls' programs—and has created unique problems not previously encountered.

The courts and society have recently placed greater demands on schools to provide educational opportunities not thought to be a major responsibility of public schools just a few years ago. These include programs in special education for pupils having learning disabilities and also providing for the gifted. The need for early diagnostic and remedial programs have required implementing various phases

of education in the fields of speech and hearing, health, and psychological testing. A great deal of emphasis is being placed on reading competency at the present time.

The Ottoville School at present has a highly trained faculty, with many years of teaching experience. Doris Shawley has the distinction of being the teacher with the most years of service at Ottoville, with Jeanette Wannemacher serving the longest in the non-certified group.

Serving at Ottoville for twenty-five years or more are: Mrs. Helen Koester, Board Treasurer; Doris Shawley, mathematics and prom advisor for many years; Robert Zeigler, Principal and Athletic Director, and former English and biology teacher; Francis Kern, business education, Yearbook Advisor, Audio-Visual and Library Media Coordinator.

Also in the twenty-five year or more list are: Unalee Kiou, Third Grade; Mary Ann Rode, Learning Disabilities; and Sister Rosalie, First Grade.

Dear Rosie:

Congratulations to you and the students, staff, parents and community of Ottoville High School on the 75th anniversary of the school.

Ohio's public schools have played an extremely important role in the development of the state. I know that you are proud of the history and traditions of your school and of the accomplishments of the graduates who went before you.

An important priority in my Administration has been adequate and stable funding for schools, as well as the encouragement of educational excellence for all students. But state government cannot create excellent schools without help from local communities who work to support their schools and demand that they do the best job possible of educating our young people. I hope that the Ottoville school community will work hard for educational excellence for many years to come, as it has for the past 75.

With best regards,

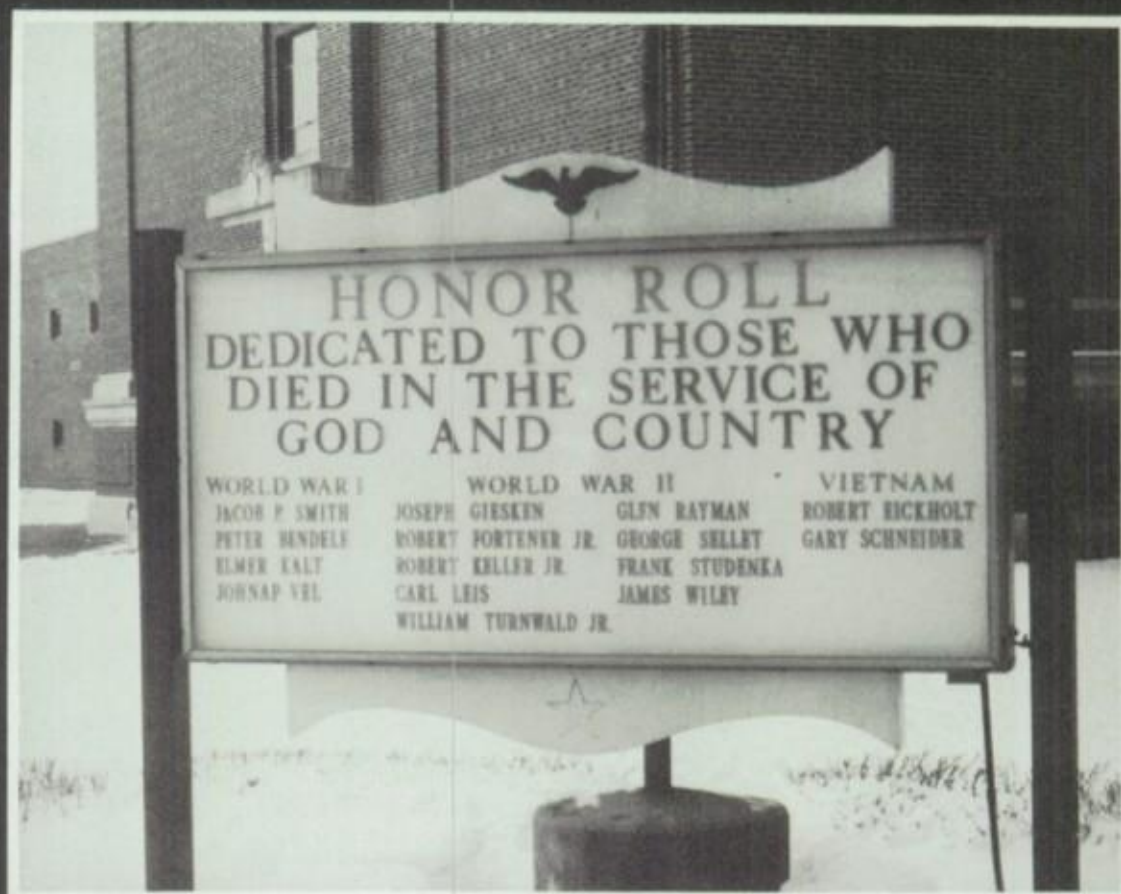

*Richard F. Celeste*

Any history of Ottoville High School should include some of the events, however tragic, that affected its students and graduates. Wars, as with any other national happening, certainly touched the lives of many Ottoville young men and women. Some went off to war in defense of their country and returned — some did not return. To those persons who made the supreme sacrifice this portion of the yearbook is devoted to their memory.

Perhaps the family with the largest number of children to enter Ottoville School was the Alphonse and Rosemary Niemeyer family. They had 15 children to enroll. Rosie, the youngest, is a senior and current editor-in-chief of this yearbook.

The Frank and Nancy Gasser and also the Herman and Ursula Wenzlick families each had 14 children to enroll at Ottoville.

William and Anne Knippen had twelve children to enter Ottoville School. All became Ottoville graduates except one who died as a result of a tragic accident after entering elementary grades.

Probably the families having the largest number of children to enroll and also all becoming Ottoville H.S. graduates were: Victor and Leone Miller (11) and Jerome and Ann Marie Eickholt (11).

Dear Friends:

It is my pleasure to have this opportunity to congratulate Ottoville High School, its present and past students and faculty, and the citizens of Ottoville on the celebration of your 75th anniversary.

I am sure this diamond year will cause many to look back with fond memories while also looking ahead with anticipation of things to come. Ottoville High School has established a longstanding tradition of excellence and accomplishments. Only with continuing dedication, care and commitment is it possible to achieve and maintain such an enviable record.

At this special time, I extend to all my congratulations and warm regards ... and my best wishes for many more decades for a high school of which you can all be proud.

Very sincerely yours,

Congratulations to Ottoville High School on their Diamond 75th Commencement Exercises. I have never understood why they call them "Exercises". Jane Fonda does not attend nor does Richard Simmons.

Have a happy time and I applaud all of you who stayed in school to complete your 12 years of serious study.

## NEARLY 3,000 HAVE ENROLLED AT OTTOVILLE H.S. SINCE 1911

Since 1911, many young men and women enrolled at Ottoville High School and eventually went on to the professions, farming, religious life, military service, and the trades. Below are listed these former Ottoville High School students. Although Ottoville is

chartered as a six-year high school, this listing includes grades 9-12 only. In any undertaking such as this there will likely be errors. Mistakes in spelling and omission of names are due to human error and are not intentional. Complete information was not avail-

able, especially for 1911-1924 and 1938-1942. We regret any errors in spelling and missing names, but it was felt that available information was sufficiently complete to publish a reasonably accurate list.

Miss Rosie Niemeyer, Editor  
Ottoville High School Yearbook  
Ottoville, Ohio 45876

Dear Miss Niemeyer:

My attention is always drawn to anything that is older than me.

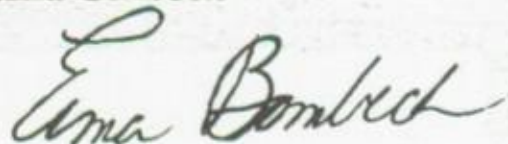

That includes a high school that will mark its 75th year in 1985. To last that long, you have to be doing something right.

I went to an old high school, and we used to sit around and speculate on what we'd hear if "this school could talk." Who were we kidding? It would have had a PG-35 rating.

On the other hand, it would have reflected hundreds of people whose lives were changed just by being there.

Congratulations to Ottoville High School. You could pass for 35.

# GIRLS VOLLEYBALL

Volleyball has had a modest history in Putnam County, starting at Ottoville in 1967-68 as a part of the GAA (Girls Athletic Association). Rita Schnipke was the first coach.

The girls played two matches during that first

year, winning one, losing one.

During the following year, Ottoville had two matches, losing both. No records are available until the 1976-77 school year. There were some years before 1976 in which no interscholastic competition in volleyball was held at Ottoville.

In the fall of 1977, the Ottoville volleyball team won the sectional tournament by defeating Antwerp 15-6, 11-15, 15-13 and also Delphos Jefferson 15-4 and 16-14.

In District competition, Ottoville came out on

top again, defeating Columbus Grove 15-13 and 15-7. In the finals, Ottoville won against Kalida 15-3 and 15-12.

Advancing to the Regional, the Big Green lost out to Stryker 4-15 and 10-15.

# BASEBALL HAS GAINED IN INTEREST

For many years baseball and basketball were the only interscholastic sports programs at *Ottoville*, as well as at many other high schools in the area. Gradually, as other competitive sports (golf and cross country) started and gained in interest, baseball, which had been a fall sport, moved to the spring, and gained in athlete and spectator interest. The summer Acme League has also played a part in developing interest in the

diamond sport. Perhaps the best season from a won-lost point of view the *Big Green* has ever enjoyed was that of the 1983-84 season when *Mark Knott's* team ran up a 16-2-1 record (undefeated going into tournament play). *Ottoville* lost out in the District finals and also lost a league game following the tournament. The 1977-78 squad reached the Patrick Henry Regional.

# GIRLS BASKETBALL 155 W — 102 L

Competition in basketball for girls had its beginning during the 1966-67 school year when teams were organized at Ottoville by Rita Schnipke. Eventually all the county and area schools established basketball programs for girls, and the sport has gathered interest ever since.

Ottoville girls have had a 60 percent win record, similar

to that held by the boys. The very early basketball games had some special rules which were different than those for boys. In recent years, however, girls and boys teams have played under the same rules. In addition, teams for girls have been organized on the Junior High level, providing a limited schedule of competition with other schools.

# FOR BIG GREEN BOYS BASKETBALL . . . IT'S BEEN 941-W AND 408-L

An important aspect of any school's program has always been sports. For the smaller schools in Putnam County, basketball, especially boys' teams, has received the most emphasis. While girls' teams continue to gain in stature, their much shorter history results in less tradition and similar brevity in individual and team records. Basketball for girls has made great strides in recent years and is taking its rightful place in attracting spectator

interest.

This section deals with the records we were able to gather for both girls' and boys' teams. While our interest was mainly in local statistics, it was felt local basketball history would be incomplete unless it also contained information pertaining to Ottoville's place in league results, as well as sectional, district, regional, and state play.

Basketball for girls has had a much shorter history than for boys, so there are fewer girls' names in this listing. We regret there were no reasonably reliable records available for the years prior to 1939-40. Some boys names perhaps are omitted for this reason.

# BIG GREEN BASKETBALL HAS BEEN INTERESTING, COMPETITIVE

Although many interesting stories about Putnam County basketball history have developed over the years, perhaps one of the most talked-about is the long, outstanding career of Sylvester (Stretch) Goedde of Vaughnsville High School. Newspaper accounts indicate that he was 6'4" as a freshman and 6'8" as a senior. Goedde established several early basketball records, scoring 1,538 points in his high school career, an average of 19.6 points per game. As a senior, he scored 629 points, good enough for 31.5 points per game.

Goedde's effectiveness on the basketball court caused many teams to formulate game plans around his style of play. *Ottoville*, too, was concerned with Goedde's floor skill. During the regular 1941-42 season, he had scored over 30 points against the *Ottoville* five. So, in tournament, February 20, 1942, Coach Heckman and his team wanted to contain Goedde in order to advance to the District tournament. Records show the attempt ended with 32 fouls being called against *Ottoville*, 23 against Vaughnsville. Goedde made 13 of 22 shots, plus 9 field goals, good for 31 points. He was also charged with three fouls himself (four being the limit at that time). *Ottoville* players Tom Byrne, Bill Altenburger, Carl Rellinger, Art Knippen, Lawrence Giesen, Elmer Hilvers, and Leroy Martin fouled out (4 each) in that game, while John Herman ended with 2, Elmer Horstman and Paul Rellinger 1 each (Only three *Ottoville* players, Herman, Horstman, and Rellinger, were on the floor at the end of the game.) The game ended in Vaughnsville's favor, 53-33.

It is ironic to note that Vaughnsville, with its long, rich history in Putnam County basketball, also had the dubious distinction of holding the longest losing streak — 37 games. The Vikings beat Ottawa SPPS at the end of the 1957-58 season and Pandora on February 12, 1960, 44-38 — losing 37 games in between.

*Ottoville* played a part in ending Putnam County's longest win streak — Miller City (34 games). The Wildcats had lost to Leipsic in tournament on February 19, 1949. The *Big Green* broke the string at *Ottoville* on December 16, 1950 with a 47-43 win. In the game, scoring was as follows: Harold Honigford 6, Eugene Beining 6, Dick Kortokrax 12, Robert Martin 5, Tom Weber 9, and Don Altenburger 9.

The longest *Green and Gold* win streak was stopped at 22 by Kalida in the 1979-80 Elida District finals, 69-62. Oddly enough, Dick Kortokrax, an *Ottoville* alumnus and former *Big Green* coach, was the Kalida coach at the time. *Ottoville* had previously defeated Kalida (62-61) in a PCL game earlier in the year.

The most points scored by an *Ottoville* five was 113 points

against Miller City on January 21, 1972. The final score was 113-77. What must have been a "wild and wooly," fast-paced game was the one between *Ottoville* and Delphos St. John (1968-69). The game saw a total of 192 points put on the scoreboard. *Ottoville* ended with 90, Delphos scored 102.

For sheer excitement, suspense, and plain "energy-draining," the Columbus Grove game in February, 1983 would have to be near the top of the list. *Ottoville* and the Bull dogs were tied for the league lead when Columbus Grove invaded the local hardwood. The game was knotted at 53 after regulation time. After eight overtime periods, Columbus Grove came out on top, 74-71. Score by quarters was:

CG	11	16	14	12	0	2	5	4	3	0	0	7	—	74
OTT	10	20	13	10	0	2	5	4	3	0	0	4	—	71

*Ottoville* got revenge, however, as the two schools met in a snow-postponed game in the Elida District, with the 'Green coming off with a convincing 60-49 victory.

Over the years, many *Ottoville* players have been cited for outstanding floor and shooting accomplishments. A few come to mind. August Trenkamp was named on the All-Ohio, Class "B" team in 1946, while Orval Schramm was similarly named in 1947.

In more recent years, some other outstanding *Ottoville* players, after completing successful high school careers, met with success on the college level. Jim Wannemacher and Steve Turnwald played at the University of Dayton. One cannot overlook former OHS superstar, Jerry Hoersten. Hoersten holds local records for the (boys) highest school career points (1,100), most points scored in one game (43), and third for most points scored in one season (513). Hoersten played three years at Ohio Northern University and has subsequently been a successful teacher and coach in the Columbus Grove district. Jerry Honigford (1954-58) proved to be an important cog in the *Big Green Machine* as well as an inspiration to his team as he started in every varsity game but three in his four years of high school, scoring 1,055 points along the way. Another standout was Tim Turnwald who scored 1,061 points in his high school career. Joe Horstman holds the season scoring record (1980-81) at 561 points.

The first occasion *Ottoville* played in the State Tournament was in 1937. At the time, there was no Regional as we know it today. Winners of the Districts went directly to Columbus. On Thursday, March 18, 1937, *Ottoville* met

Lockland (Cincinnati) (18-1) at 6 p.m., at the OSU gymnasium. Enroute to the State Tourney, *Ottoville* had compiled the following record.

Ottoville	30	Lima St. John	22
Ottoville	24	Vaughnsville	22

Ottoville	26	Haviland (Dis. T.)	20 OT
Ottoville	33	Pettisville (Dis. T.)	31 OT
Ottoville	39	Holland (Dis. T.)	29

The game was won by Lockland, 40-14 (20-6 at half). *Ottoville* scoring was: *Melvin Becker* 5, *Carl Leis* 3, *Cyril Becker* and *Ambrose Giesken* 2, *Oscar Rellinger* and *Hugo Hoersten* 1, *Harold Wannemacher* 0. At that time there were two classes of schools, "A" and "B." There were 780 Class "B" schools in *Ottoville's* class that year.

Another State Tournament participant was that of 1977-78. After defeating Stryker and Marion Local in the Bowling Green Regional, *Ottoville* headed for Columbus to take on Tipp City-Bethel (21-3) at St. John Arena on Thursday, March 16. Bethel won the game, 53-49. After falling behind 32-18 at the half, *Ottoville* outscored Bethel 17-3 in the third quarter to knot the score. Bethel, however, overcame the *Big Green* challenge and outscored the locals 18-14 in that final quarter. *Ottoville* scoring was as follows: *Keith Miller* 14, *Joe Kemper* 10, *Roger Hohlbein* 2, *Roger Turnwald* 8, *Joe Wehri* 15. *Phil Muehlfeld* was the coach.

## GIRLS BASKETBALL GAINING IN INTEREST

Basketball for girls has had a much shorter history and, therefore, less chance of establishing many records. Per-

haps the most successful season was that of 1977-78 when the team went 16-2 before losing to Ada in the Bowling Green Regional finals, 43-41. The team's record for that year was as follows: (The Coach was *Bev Girten*.)

Ottoville	42	Delphos St. John (AA)	70
Ottoville	82	Miller City	38
Ottoville	61	Ft. Jennings	38
Ottoville	55	Crestview	32
Ottoville	80	Kalida	44
Ottoville	72	Ayersville	44
Ottoville	59	Leipsic	48

Ottoville	66	Lincolnview (T)	27
Ottoville	59	Delphos Jeff (T)	42
Ottoville	73	Leipsic (T)	58
Ottoville	72	Continental (T)	41
Ottoville	56	Holgate (T)	55
Ottoville	41	Ada (T)	43

In that final game, *Ottoville* scoring was as follows: *Brenda Eickholt* 3, *Tina Eickholt* 8, *Ginny Fischbach* 11, *Sue Honigford* 19.

*Sue Honigford*, a member of that team, established herself as one of *Ottoville's* best. During her high school career, Sue connected for 1,135 points, *Ottoville's* all-time high. In the 1977-78 season, she scored 387 points, second only to another *Ottoville* great, *Linda Honigford* (1984-85, 406 points for the season). In the Continental game in 1978, Sue scored 34 points, second only to *Kathy Koester's* 1969 game high of 35 points. *Kathy Koester* played on the very early teams which needed several years to become established as a sport in the area. *Koester*, after a few years, returned to coach basketball at *Ottoville* for several seasons.

Scoring records for girls are as follows: *Lowest points scored* in a single game by an *Ottoville* girls team, 11, (Kalida, January 21, 1971, score 11-42) and also, 11 (Miller City, March 22, 1972, score 11-29). *Most points scored* in one game, 95, (Pandora-Gilboa, February 11, 1978, score 95-28). *Best defense in a single game*, 15, (Miller City, January 28, 1971, score 21-15). *Worst defense in a single game*, 81, (Delphos St. John, February 23, 1980, 41-81). *Highest scoring game* (total points), 146, (Miller City, February 5, 1979, (81-65). *Lowest scoring game* (total points), 34, (Ottawa, February 23, 1970, score 16-18).

# LWH WAS OTTOVILLE'S MISTER BASKETBALL

The history of Big Green basketball can be traced back to 1918 when Louis W. Heckman started it all and continued as coach until 1951. It was probably this man more than anyone else who established interest and enthusiasm for the game in this area. A Lima News article on November 4, 1951 tells this story. (The following is an abridgment of that article.)

"Mr. Basketball" of Putnam County and northwestern Ohio has ended his coaching career at Ottoville High School after 32 years of service.

When the Green and White cagers take the floor for their first game of the 1951-52 season here November 30, Jerome Moenter will be in the coach's seat on the bench. The former Leipsic High School athlete spent last season as assistant to wily Louie and this fall took over the reigns in basketball.

Although the sweetest plum of all — the Ohio Class B championship escaped his reach through the years, Louie looks back today on his teams' records with sincere pride.

His ability to develop airtight defensive combinations and fast breaking offensive quintets made Heckman a feared man in cage circles. Opposing coaches refused to believe any claims the veteran mentor frequently made about "lack of material and experience."

From his native Glandorf, Heckman went to St. Joseph's College, Rensselaer, Indiana, where he played two years of varsity basketball. He proved himself to be a serious student of the game in piling up his fine coaching record. In 1918 he gathered this school's first band of basketball players in the old parish hall and began the long era of the sport at Ottoville.

Women of the parish protested loudly in 1923 and their claims that the boys were ruining the plaster in the hall resulted in the sport being suspended in 1923, 1924, and 1925.

There has been no break in the school schedule, however, since 1926 when the pre-

sent gymnasium was opened. Records, though, are unavailable for games played prior to 1930 because a fire in the parish hall destroyed them. "You can say we lost more than we won in those first few years," the genial Heckman commented.

The team that traveled the furthest along the tournament trail was the 1937 aggregation. That club won the district meet and lost to Lockland of Cincinnati in the first round at Columbus.

In 1932-33 his team lost to Archbold 42-38 in the district finals and the victors advanced to the state semifinals. The following spring Mark Center downed Ottoville 32-30 in the district and climbed to the state finals to lose to the famous Waterloo Wonders. Again, in 1934-35, Ottoville dropped a district game to Maumee, 20-19, and sat back to watch Maumee advance to the state semifinals.

His teams met three highly-respected Class A schools over the 32-year period. Ottoville won over Van Wert 27-24 in 1934 and 29-21 in 1935. His cagers have won 5 and lost 5 against Toledo Central Catholic.

With a sly twinkle in his eye, Louis recalls the time in 1938 when Zanesville's brilliant Blue Devils wanted a "warm-up" game the night before a scheduled contest at Defiance. The Defiance officials suggested Ottoville, so the game was arranged. Then a mixup in dates and contract provisions developed with a resultant cancellation of the Defiance-Zanesville tilt. But the Blue Devils kept their date with the Heckman cagers — almost to their dismay. Zanesville edged the locals 33-32.

Yes, the white-haired taskmaster of the basketball court has stepped aside at Ottoville high school. But his contribution to the game and the highly competitive but sportsmanlike teams he developed here will long live in the memories of basketball fans of northwestern Ohio. Coach Heckman was honored by the Ohio High School Coaches Association in 1967 when they elected him into their hall of fame.
